

PAY-PER-USE AIR CONDITIONING SOLUTIONS

Perfecting its superior range of integrated systems, Daikin Pay-Per-Use Air Conditioning Solution aims to enhance your comfort and lifestyle, while achieving sustainable usage of energy

HOW IT WORKS?

Users have access to air conditioning comfort anytime, but only pays for what they use.

USER BENEFITS

- Remotely control the air conditioner and set scheduling
- Real-time top up of credits
- Monitoring of air conditioning history usage
- Avoids unnecessary cost where air conditioners are turned on when necessary

FACILITY MANAGEMENT BENEFITS

- Real-time monitoring of air conditioning usage via tenant management
- Achieve efficient energy consumption with reduction in energy wastage
